How is GreyCare different?

The GreyCare model is different

It is designed to give support workers more flexibility

You work where and when you want

You work under your own ABN

so **YOU** are in control

You are the boss!

Think about it....

You can work Part time or Full-time

You choose where you work

You choose what type of work

You choose the days and hours

You choose how much you earn

You can even choose to have holidays

greyCare

We will help set you up as your own boss

We can organise:

- Registering your company with an ABN
- Public Liability insurance
- Accounting Software (we will handle the hard stuff for you)
- Setting up an email address
- Team uniform
- Team I.D.

greyCare

Consider the options

Our model can earn you in excess of 10-15% more on a direct hourly comparison!

Add all the other benefits of being your own boss and it's an obvious choice.

Who is GreyCare looking for?

Who are we looking for

Support workers committed to helping others to live independently in their own homes

People who will help others achieve the best quality of life possible

Support Options include:

We are after people with a range of qualifications

You may have:

- A qualification in Aged/Community care
- A qualification in Disability care
- A qualification in Nursing,
- Be studying toward any of the above or,
- Have relevant industry/life experience.

If you don't have experience, don't worry.

As long as you have a desire to help people, we can organise training which will see you started in the industry in less than 3 weeks.
